PENDENT DRILLHEADS

Pendent Drill heads, Made in UK, with single or twin drive motor with hydraulic drive Drill heads, drill holes up to 1200mm Diameter using Augers. Based on the application suitable Drill- rods, DTH-Percussion Rock Hammers, Temporary casings and Buckets for unstable ground can be proposed. The attachment can fit to any Skid Steer, Backhoe Loader, Truck Crane or Excavators.

Basic Specifications:	BD 300-S
Hyd Motors	One
Operating Bar Pressure:	205
Peak Bar Pressure:	310
Max Oil Flow lpm:	75
*Max Oil Flow with P.V:	260
Operating Torque nm:	2800
Auger Dia's. mm:	100-400

130mm Dia. x 6 metre Depth.
One Stroke. Dewatering

130mm Dia. x 7.5 metre Depth
One Stroke. DTH Rock Drilling

800mm Dia. x 3 metre Depth.
Street-light Foundations

Applications:

Dewatering, Pre Installation of Well Points, Water Wells, Cathodic Protection, Earth Rods, Soil Sampling, Post Holes, Plant Nurseries, Drip Irrigation, Foundation Drilling etc
